Skills

Professional photographer with over 20 years of experience in advertising, corporate, commercial and events photography. Experience in shooting and developing all types of film from polaroid, 35mm, medium to large format. I have made darkroom and large format inkjet prints, tin types and love to explore adapting vintage lenses to digital cameras. I have been using Photoshop since 1998 and Capture 1 since 2012.

I recently passed the test and I'm now an FAA Part 107 Certified Drone Operator.

Awards

Gold Addy Award winner. Numerous write-ups in local magazines and features from the APA, Professional Photographers of America and others. My portrait work has been published worldwide
